

## Required documents

- Original and copies of a potential borrower's passport and social security card (where the borrower lacks the documents, a respective reference shall be submitted)
- A copy of the borrower's marriage certificate (divorce certificate, spouse's death certificate)
- Copies of family members' passports and social security cards (where the borrower lacks the documents, a respective reference shall be submitted)
- A reference on the place of residence
- A reference from the workplace
- Copies of the work record book and employment contract, except for government employees
- A copy of the driving license
- A reference on additional income
- A copy of the registration certificate of the car to be acquired (of a temporary registration certificate)
- A copy of the ownership certificate
- A copy of a seller's passport
- Other documents upon credit officer's request

\* Where a new car is acquired, a potential borrower shall submit an invoice (import-related documents of the transportation means, where required) instead of the documents listed under clause 9 of the list above.

Where a loan is disbursed, a credit officer may require to renew any of the documents in the list during the loan effective period.
